

Corporate/Executive Portraits

Your business portrait is a sign of your success! Don't let a snapshot from the 1990's deter your efforts. Now is the time to create a current publicity shot that can help you build and strengthen rapport with your clients and your community. There are so many uses for an updated professional portrait. Use the images for your website, business cards, email communications and social media.

Put your best face forward!

Call today and schedule your own corporate portrait session. We provide great looking corporate portraits done at your office, location, or event. We will bring the studio to you for fast, quality images done right at your office. Indoors or outdoors we'll work with you to choose the best backdrop to help you to communicate your unique brand.

Your investment is Eighty-Nine Dollars* which includes up to a sixty minute photo session, four retouched digital images (two headshots & two ³/₄ length poses) **on a CD.**

~25% OFF each additional person's portraits taken during the same session!~

Our high resolution digital files will satisfy the demanding specifications of today's electronic media outlets. However...nothing looks as good as a professionally produced print! We offer A'La Carte pricing for prints which are produced by our high quality professional printer. (Please refer to the print pricing page for details).

Here are some tips on dressing for a great business portrait:

- Bring changes of clothing so you can experiment with contrasting colors.
- As a general rule dark clothes put the attention on your face and eyes. Don't wear loud stripes or patterns. Avoid herringbone.
